## E. EXPORT/RE-EXPORT/IMPORT/INTERSTATE AND FOREIGN COMMERCE OF PLANTS (CITES and/or ESA)

Allow at least 90 days for the application to be processed. Applications for endangered species under the ESA must be published in the Federal Register for a 30-day public comment period.

Complete all questions on the application. Mark questions that are not applicable with "N/A". If needed, use separate sheets of paper. On all attachments or separate sheets you submit, indicate the application question number you are addressing. If you are applying for multiple specimens, be sure to indicate which specimen you are addressing in each response.

Note: This form should <u>NOT</u> be used to request authorization for commercial exports of plants that are artificially propagated in the United States. For such exports, applicants should complete form <u>3-200-33</u>.

<u>Electronic submission of inventories, photographs, and receipts:</u> Some applications contain extensive inventories and /or a large number of photographs or receipts. You may provide electronic versions of these documents. Such a submission will assist the processing of your application since it may reduce data entry by the U.S. Fish and Wildlife Service. If you wish to provide information electronically, once you have received an application number via the e-mailed acknowledgment letter, e-mail your information to <a href="mailto:permits@fws.gov">permits@fws.gov</a>. Be sure to include the application number provided in the acknowledgment e-mail that will be sent to you when we receive your application.

I will be submitting documents electronically.

- 1. Name and address where you wish the permit to be mailed, **if different from page 1**. If you would like expedited shipping, please enclose a self-addressed, pre-paid, computer-generated, courier service airway bill. If unspecified, all documents will be mailed via regular mail through the U.S. Postal Service.
- 2. Who should we contact if we have questions about the application (name, phone number, and e-mail)?
- 3. Disqualification factor. A conviction, or entry of a plea of guilty or nolo contendere, for a felony violation of the Lacey Act, the Migratory Bird Treaty Act, or the Bald and Golden Eagle Protection Act disqualifies any such person from receiving or exercising the privileges of a permit, unless such disqualification has been expressly waived by the Service Director in response to a written petition. (50 CFR 13.21(c)) Have you or any of the owners of the business, if applying as a business, been convicted, or entered a plea of guilty or nolo contendere, forfeited collateral, or are currently under charges for any violations of the laws mentioned above?

No Yes

If you answered "Yes" to Question 3, provide: a) the individual's name; b) date of charge; c) charge(s); d) location of incident; e) court; and f) action taken for each violation. Please be aware that a "Yes" response does not automatically disqualify you from getting a permit.

4. What activity are you requesting authorization to carry out?

Export Re-export Import Interstate **OR** Foreign Commerce (as defined under Section 3 of the ESA)

Rev. 8/2017 Page 2 of 8

**NOTE:** Interstate Commerce permits authorize the sale of endangered and threatened species across State lines, but only for activities determined to be consistent with the purposes of the ESA. Interstate commerce activities with plants require, prior to the sale, that the <u>seller</u> obtain a permit for plants coming from cultivated stock and that the <u>buyer</u> obtain a permit for plants taken from the wild.

5.	For <b>E</b>	ACH plant involved in the proposed activity provide:
	a.	Scientific name (genus, species, and, if applicable, subspecies) and common name:
	b.	Description of specimen(s) (e.g., whole plant, cuttings, parts, products, size, height, length);
	D.	Description of speciments, (e.g., whole plant, cuttings, parts, products, size, height, length,
	C.	Quantity of specimen(s);
